Create and share custom screen notes

This NovoPresenter feature is a virtual whiteboard that allows Android tablet/iPad users to create, manage and display notes in a NovoConnect session.

Download and install latest version of NovoPresenter

1. Log onto the Google Play Store with your Android tablet or the iTunes App Store with your iPad and download the latest version of NovoPresenter.
2. If you have already installed an earlier version, you can either “update” your existing version or install the new one after removing the existing version.

Open NovoPresenter on your Android tablet or iPad and connect to NovoConnect.

Creating a new note with My Notes:

1. Launch the My Notes feature by tapping the  pencil icon in the lower left corner of the screen.

2. To create a new note presentation, tap the “create note” icon, , at the top of the screen.
3. Type a name for your note in the “Create a New Note” dialog box and tap “YES”.

4. Your blank note will now open on your screen.
