Hardware Specification

CPU (SoC)	• ARM Cortex A9 • Video Decoder/Encoder (H.264, VC-1, VP8)
Memory	DDR 1024MB
Storage	• Internal: 4GB (eMMC Flash) • External: microSD Card Slot
WiFi	802.11 a/b/g/n (2.4GHz & 5GHz)
Input/Output	USB Input USB Type A x 1 Video Output Micro HDMI x 1 Card Reader microSD Card Slot x 1 Power Input Micro USB (5V 2A)
LED Indicator	Green (Power On)
Button/Switch	Reset
Operating Temperature	0~40°C
Storage Temperature	-20°C ~ 60°C
Size (L:W:H)	93mm x 56 mm x 16mm
Weight	52 g

Application Requirement

PC/Notebook

CPU	Intel Pentium, 2GHz (i3 and above are recommended)
OS	Windows XP, Windows 7, Win8 (32 bits and 64 bits), Mac 10.6 and above
RAM	4GB

Tablet

Android Platform	
OS	Android 3.2 and above (Android 4.0 and above are recommended)
Resolution	1024x768, 1280x800, or Higher are recommended
iOS Platform	
OS	iOS 5.1 and above
Device Type	iPad, iPad 2, iPad 3, iPad 4, iPad mini, iPad Air

NovoConnect B360

A Wireless Presentation & Collaboration System

ΔELTΛ

Smarter. Greener. Together.

Product Introduction

NovoConnect is a new generation wireless presentation and collaboration system. From classrooms to conference rooms, it allows participants to seamlessly hand-over display and control among PC, Mac, and Tablet devices to conduct interactive presentations with dynamic content sources and HD display quality.

Key Features

## Multi-Platform Wireless Presentation

The following device types are supported
- iOS tablet devices
- Android tablet devices
- Windows PC, and
- MAC PC

PC Free Operation

Equipped with Android OS, file storage, and microSD card reader, the NovoConnect turns your display devices into a presentation and collaboration system without a PC.

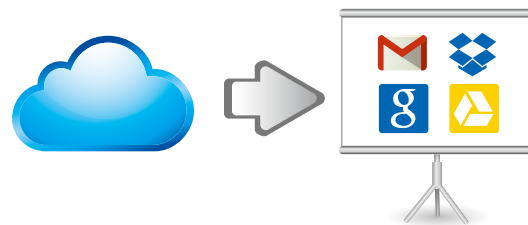

One-Click Presentation Management

The presentation and collaboration management software provides a meeting host (or a teacher) the following functions:
1. One-click display and control hand-over
2. Presenter screen preview
3. Secured meeting login
4. Up to 64 participant connections

Cloud based Resource Access

Cloud based services, such as Google Drive, Dropbox, SkyDrive, SlideShare, can be presented seamlessly through NovoConnect anytime, anywhere.

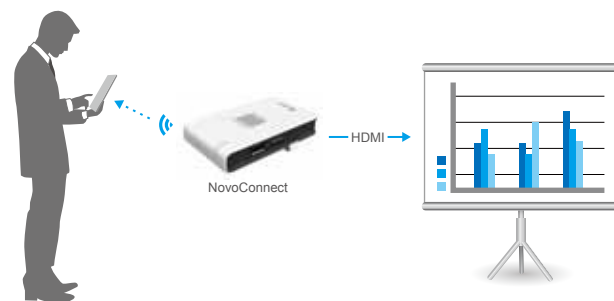

Interactive Collaboration

Up to four devices can apply to join a split-screen display. This feature provides the meeting participants a convenient way to share, compare, and collaborate with one another in the conference room or classroom.

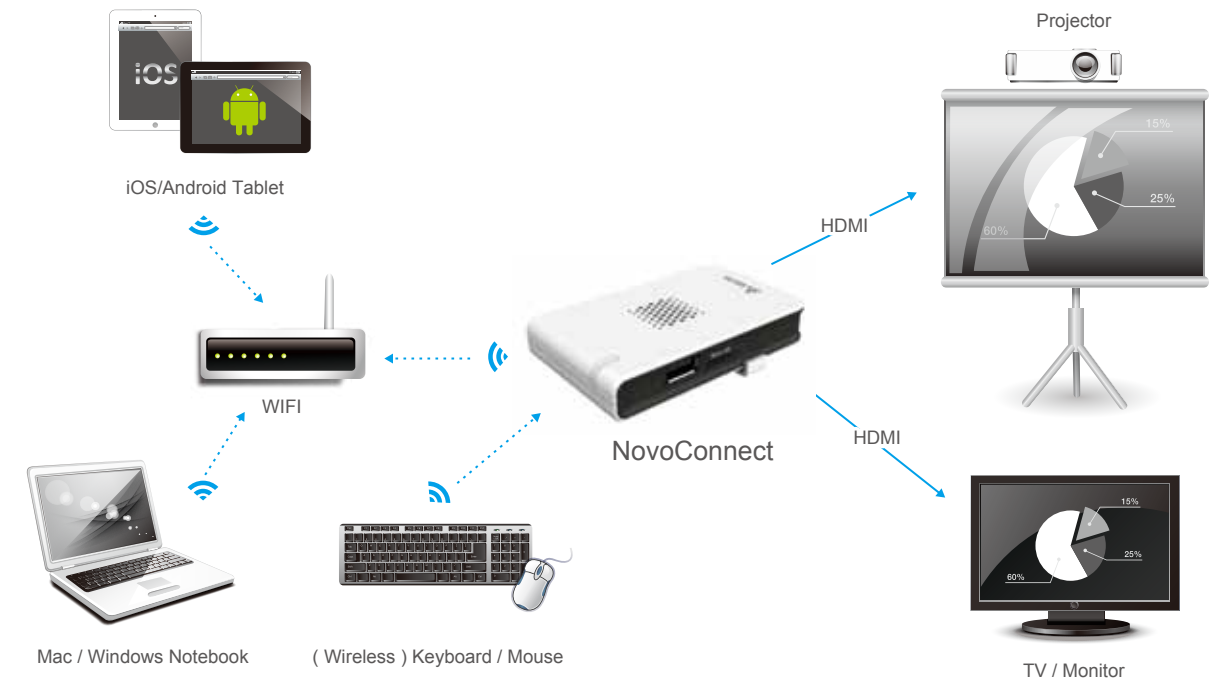

Personal Mobile Presentation

Conducting business presentation on-the-go via your tablet devices can never be easier. Install associated apps to your tablets ahead of time, with the native WiFi hot spot support in the NovoConnect, just connect and turn the device on and you are ready to go.

Typical Usage Configurations:

1. Client Mode: Connect to NovoConnect through Wi-Fi AP

2. Hot Spot Mode: NovoConnect functions as a WiFi Hot Spot
